

Please read before transmitting Draft(s) to
US Technical Advisory Group (TAG)

ISO has initiated the voting process on the Draft(s) included with this zip file.

This Draft(s) is being transmitted for letter ballot consideration by the ISO US Technical Advisory Group (TAG). The TAG position should be sent electronically to isot@ansi.org at least five days prior to the termination date for voting (date shown on the upper right hand corner of the Draft).

It is important to remember that supporting comment(s) for an approval with comments; disapproval with comments; or abstention position must be submitted on the ISO Comments Template.

Also, when transmitting the Draft(s) electronically to the US TAG, the following note shall accompany the transmission:

“Permission is granted by the American National Standards Institute (ANSI) to electronically reproduce this draft International Standard for purpose of review and comment related to the preparation of the U.S. position, provided this notice is included. All other right are reserved.”

Should you need the Comments Template, or if you have any question(s) concerning the above, you should contact ANSI’s ISO Team (ISOT) as follows:
