Dear Mr. Alcorta:

The Executive Committee of the Simulation Interoperability Standards Organization (SISO) has approved the granting of permission to ISO and IEC to normatively reference the following document: University of Central Florida, Institute for Simulation and Training (IST). *Enumeration and bit encoded values for use with protocols for distributed interactive simulation applications*. Orlando (Florida): IST, 2001. Report number IST-CF-01-01 (EBEV) in the Environmental Data Coding Specification (EDCS) (ISO/IEC 18025) in the following manner:

“The following referenced documents are indispensable for the application of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.”

The EBEV document was created by SISO and published by University of Central Florida, Institute for Simulation and Training, on our behalf.

Yours sincerely,

Graham Shanks
On behalf of the SISO Executive Committee
