UK Comments on ISO/IEC 18024-4:2006/FPDAM1:201x

Please note that in the following comments;

Additional change instructions are recommended for comments that relate to clauses that are not currently included in this amendment.

Comments that make reference to <...> tags refer to the html code for the associated clause.

General

The following comments apply to the entire document:

- G1:** All hyperlinks should be checked to ensure that obsolete references currently in ISO/IEC 18024-4:2006 are replaced by up-to-date references. Change instructions to affect this should be added to the amendment.
- G2:** It is not clear that the hyperlink to the publicly available standard is correct once the amendment has been approved. If the amendment is to be published as a new revision, the hyperlink should be updated. If the amendment is to be published as an amendment, the hyperlink should be replaced by a hyperlink to the home page for publicly available standards.
- G3:** Change instructions should be provided for any additional changes to ISO/IEC 18023-1:2006/Am1:201x that effect this document.

Technical

2 Normative references

- T1:** The reference for ISO/IEC 18023-1 with amendment is incorrect. It should be "ISO/IEC 18023-1:2006/FDAM Am1:201x".
- T2:** The reference for ISO/IEC 18042-4 is incorrect. References should be included for both the base document and amendment 1.

Editorial

4 Tables

- E1:** There are two unnecessary <div> tags in the html which should be removed.

5 Definition of fundamental data types

- E2:** Remove the <style> tag and replace any references to its styles with styles from the style sheet.

E3: There is an unnecessary <div> tag in the html immediately following the <body> tag that should be removed.

6 Function definitions

E4: Remove the <style> tag and replace any references to its styles with styles from the style sheet.

Annex A -- Data types in compilation order and external functions

E5: Remove the <style> tag and replace any references to its styles with styles from the style sheet.

Template for comments and secretariat observations
