What we recommend: staying in downtown Toulouse

Hotels, restaurants, tourism, public transportation... civilisation!
Daily transportation to/from the meeting location

For those who will choose to stay near OKTAL-SE outside the city: the car...

For those staying downtown: public transportation are not very convenient...

Subway, B line, until the terminus and then “transportation on demand” ⇒ quite long

⇒ We think of renting a bus... (same duration as a car, roughly 30 minutes with the traffic)
Daily transportation to/from the meeting location

Lunches could be brought to us in the Castle by a caterer  
And/or we could walk to a nearby restaurant (and use some of our cars for those who cannot walk so far away)  
For those who want, they can prepare their own meal and use our kitchen fridge and micro-wave ovens
Transportation to/from Toulouse

Airport (direct tramway to downtown)

Train station

Downtown
Possible social event

Many possibilities... We already have some ideas that we will study:

• A cruise on the Garonne river
• Something around French vine, may be at the castle
• A good French restaurant (so you can taste French South West cuisine...)
• ...
